Docket 50-331  
License No. DPR-49

Examination Material for Duane Arnold Energy Center Initial License  
Examination Week of April 8, 2019

In accordance with the guidelines of NUREG 1021, "Operating License Examination Standard for Power Reactors," Revision 11, we are sending you the 150 day operational examination outlines for the initial license examinations to be administered at our facility the week of April 8, 2019.

NUREG 1021 physical security requirements state that the enclosed examination materials shall be withheld from public disclosure until after the examination is complete.

You may direct any questions or comments regarding this material to Eric Murray at 319-851-7203.

This letter contains no new commitments.
