

PUBLIC MEETING ANNOUNCEMENT

Title: Public Meeting to Discuss the Proposed Rulemaking on Increased Enrichment of Conventional and Accident Tolerant Fuel Designs for Light-Water Reactors

Date(s) and Time(s): June 22, 2022, 01:00 PM to 03:00 PM ET

Location: Hybrid, HQ-OWFN-06B02

Category: This is a Comment-Gathering Meeting. The purpose of this meeting is for NRC staff to meet directly with individuals to receive comments from participants on specific NRC decisions and actions to ensure that NRC staff understands their views and concerns.

Purpose: To engage with the public regarding potential regulatory issues to consider during the development of the rulemaking detailed in SECY-21-0109, "Rulemaking Plan on Use of Increased Enrichment of Conventional and Accident Tolerant Fuel Designs for Light-Water Reactors," (ADAMS Accession No. ML21232A237) and Staff Requirements Memorandum SECY-21-0109 (ADAMS Accession No. ML22075A103).

This meeting provides an opportunity for the NRC staff to hear insights from the public regarding the scope of regulations and guidance documents that should be evaluated in the rulemaking effort to address industry's interest in use of light-water reactor fuel containing uranium enriched to greater than 5.0 weight percent uranium-235.

Comments: The staff welcomes discussion on the following questions during the meeting: Title 10 Code of Federal Regulations and associated guidance documents that should be evaluated in this rulemaking process; Regulations that will likely require a licensee to request an exemption if they chose to pursue fuel enriched above 5.0 weight percent U-235.

If you would like to make a presentation during this meeting specific to which regulations and guidance documents that should be evaluated in this rulemaking, please call or email the meeting contact prior to Wednesday, June 15, 2022, 1:00 PM ET. Finalized presentations should be submitted prior to Friday, June 17, 2022, 4:00 PM ET and will be added to ADAMS to be made available to the public prior to the meeting.

The NRC provides reasonable accommodations to individuals with disabilities where appropriate. If you need a reasonable accommodation to participate in a meeting or need a meeting notice or the transcript or other information from a meeting in another format (e.g. braille, large print), please contact Anne Silk, NRC Reasonable Accommodations Coordinator, at Anne.Silk@nrc.gov or call directly at 301-287-0745. Determinations on requests for reasonable accommodation will be made on a case-by-case basis. Ten (10) days' advance notice is requested to try to ensure availability; however, every effort will be made to address a request for reasonable accommodations with less notice.

PUBLIC MEETING AGENDA

Public Meeting to Discuss the Proposed Rulemaking on Increased Enrichment of Conventional and Accident Tolerant Fuel Designs for Light-Water Reactors

June 22, 2022, 01:00 PM to 03:00 PM ET

Hybrid, HQ-OWFN-06B02

<i>Time</i>	<i>Topic</i>	<i>Speaker</i>
1:00-1:05	Welcome and Logistics	NRC
1:05-1:10	Opening Remarks	NRC
1:10 – 1:20	NRC Presentation on Background and Status	NRC
1:20 – 2:00	Presentations from Stakeholders	ALL
2:00 - 2:10	BREAK	
2:10 – 2:55	Discussion and Public Feedback	ALL
2:55 - 3:00	Closing Remarks	ALL

Topic times are estimated and, depending on the participation level, the meeting could adjourn earlier than posted.

This meeting is currently planned as a hybrid meeting. If the NRC headquarters COVID-19 Community Level changes to High status, this meeting will be held virtually.

Those members of the public interested in attending the meeting in-person should pre-register by e-mailing the meeting contact as soon as possible, but no later than June 17, 2022. Please provide name and company or organization for each attendee. Arrive 30 minutes early to allow time for security registration.
