Dear Sir/Madam,

Our clinic is planning on doing Lu-177 Pluvicto therapy. It is 200 millicuries per dose. I will like to amend our current license, amendment 31 with the following changes:

Under part D. Any byproduct material permitted by 10 CFR 35.300, please increase our maximum amount that licensee may possess at any one time under this license to 1 Curies total instead of 120 millicuries total.

Please contact me if you need any additional information.
