RE: Notification – Facility Name Change (NRC License 21-11651-01)

The following notification is submitted per 10 CFR 35.14(b)(4):

1. Notification is submitted that we are changing the name of our medical facility. Trinity Health-Michigan, the Michigan nonprofit corporation that owns and operates St Joseph Mercy – Oakland Hospital, has decided to rebrand its hospitals throughout the state of Michigan. This is being done to better align the name of each hospital with the brand of its non-profit owner (Trinity Health-Michigan). This is simply a name change. There has been no change in ownership, no change in the Board of Directors, and no change in the physical addresses. There is no change of control as described in NUREG 1556, Volume 15, Revision 1. There are no other changes to our NRC license.

**License Item 1 is changed to: Trinity Health Oakland Hospital**
