### **EXIT SIGN RECYCLING POLICY** – Updated 1/12/2021

The Lighting Source will help you dispose of tritium signs from any manufacturer. Signs that are broken and/or heavily damaged will be charged excessive fees unless the recycling facility is notified of the damage. Signs are either single-sided or double-sided. Double-sided tritium signs are two sign 'faces' attached back to back, and thus are the twice the recycling cost of a single-sided tritium exit sign.

The most noticeable change to the 2019 policy packet is the elimination of additional charges for NRD/Perm-Ex Model T-4001 signs, which require an intensive disassembly process. All tritium exit signs, regardless of manufacturer, are now recycled for one flat-rate. The Lighting Source requires disposal fees be paid in advance either by check or credit card. A Returned Goods Authorization Number (RGA Number) will not be issued until full payment has cleared.

The Lighting Source requires that these policies and procedures be followed during the returns process. These policies and procedures pertain to packaging the signs for shipment, reporting damaged signs prior to shipping and properly completing the required forms. Failure to follow these procedures **WILL** result in additional charges. Please refer to the attached packaging instructions and fee schedule. The Lighting Source will not issue a Certificate of Disposal or provide additional RGA numbers until all fees are paid.

**EVERY PAGE OF THIS DOCUMENT, INCLUDING THIS PAGE, MUST BE RETURNED IN ORDER TO RECEIVE AN RGA NUMBER. IN ADDITION, EACH PAGE MUST BE SIGNED OR INITIALED AS INDICATED. THE LIGHTING SOURCE WILL NOT ISSUE THE RGA NUMBER UNTIL WE RECEIVE THESE FORMS COMPLETED PROPERLY AND IN THEIR ENTIRETY.**

By signing and/or initialing these forms and shipping the signs to The Lighting Source you agree to all terms and conditions and understand that failure to follow our policies and procedures will result in shipments being refused and/or additional charges. When paying for disposal by credit card you are authorizing The Lighting Source to immediately charge any additional fees to that same credit card.

If the disposal fees were paid via check you agree that The Lighting Source will issue an invoice for the additional amount and that payment is due immediately upon receipt of the invoice. You further agree to pay any costs incurred by The Lighting Source should we be forced to engage a third party collection agency to secure payment for disposal services or fees resulting from your failure to follow our policies.

#### **Marking for OUTSIDE of package:**

The RGA number and UN2911 must be printed on the outside of each package. If you have more than one box of signs to recycle, make sure to mark each box "1 of X", "2 of X", and indicate on the inventory ID sheets what box number they are associated with. Packages, which are not marked as instructed, will **not** be accepted by the recycling facility. **No exceptions.**
