Subject: [External_Sender] WNI Meeting Agenda Items
Date: Tuesday, July 26, 2022 5:02:23 PM

Greetings,

I am once again sending the WNI agenda items for the scheduled public meeting.

- 1) Identification of, and timeline for, remaining actions to be completed by the U.S. Department of Interior Bureau of Land Management (BLM).
- 2) Identification of, and timeline for, remaining actions to be completed by the State of Wyoming.
- 3) Identification of, and timeline for, any remaining actions to be completed by any other responsible agency.

In addition, WNI respectfully requests that the NRC requests and encourages that responsible agencies (e.g., BLM, DOE and State of Wyoming) have representatives in attendance to facilitate the dialogue during the public meeting.

Please let us know that you receive this message and advise of any questions etc.

Thanks very much.
