

## PUBLIC MEETING ANNOUNCEMENT

Title: Public Meeting on the Development of Risk-Informed License Renewal

Date(s) and Time(s): August 04, 2022, 01:00 PM to 04:00 PM ET

Location: Teleconference

Category: This is a Comment-Gathering Meeting. The purpose of this meeting is for NRC staff to meet directly with individuals to receive comments from participants on specific NRC decisions and actions to ensure that NRC staff understands their views and concerns.

Purpose: The NRC staff is seeking public dialogue related to ways to incorporate risk information in license renewal and subsequent license renewal of nuclear power reactors. This meeting is a follow-up to the March 2022 NRC Regulatory Information Conference session TH28 "Risk-Informing License Renewal: Exploring the Potential," (<https://ric.nrc.gov/docs/abstracts/sessionabstract-33.html>). This meeting is looking to build on the previous meeting to have a more expansive discussion on the possible ways to incorporate risk information in license renewal.
