CHAIRMAN HENDRIE: The Commission now will move on to a speedy affirmation session, and I hope a speedy agenda planning session.

Mr. Chilk, are you ready to inform us?

MR. CHILK: I am ready to inform you.

CHAIRMAN HENDRIE: Good. Name the numbers; I am ready to vote.

MR. CHILK: SECY-78-162, which is an implementation of an IAEA Safeguards Requirements, and it proposes to obtain Commission approval of the public comment, a proposed (not understandable) regulations, a proposed rule which would enable the United States to be in compliance with respect to licensing activities in the IAEA Agreement enters in force.

The rules are being published at this time so that the final regulations may be accomplished promptly once the Senate gives its consent.

It involves a proposed rule. The appropriate committees are to be notified. A public notice will be issued.

The General Accounting Office approval of the reporting requirements will be obtained before we go final form.

All 3 of you have approved it, Mr. Gilinsky noting without objection. Mr. Kennedy voted for it, although he is not here. I ask you for an affirmative vote.

1 MR. BRADFORD: Aye.

2 CHAIRMAN HENDRIE: So ordered.

3 MR. CHILK: The second one, the last one, is SECY-
4 78-173. It's a request to delegate EDO additional authority
5 for dealing with petitions for rulemaking. The delegation
6 will authorize EDO to deny any petition for rulemaking which
7 doesn't substantially modify existing precedent and authorizes
8 him to propose exceptions from licensing requirements in
9 matters in which there is background and existing precedent.

10 Also, it involves the notification of Congressional
11 Committees, a public announcement.

12 All of you have voted for it, including Commissioner
13 Kennedy who is not present.

14 I ask you for an affirmative vote.

15 MR. BRADFORD: Eye.

16 CHAIRMAN HENDRIE: So ordered.

17 MR. CHILK: That is the 2 affirmations.

18 (Whereupon, at 2:43 p.m., the meeting was adjourned.)
