**SUBJECT: AMENDMENT REQUEST FOR CLINICAL LICENSE # 08-03075-07 TO ADD ROGER C. LIN,
M.D. AS AN AUTHORIZED USER.**

Dear Ms. Elliott,

On behalf of the Howard University Radiation Safety Committee (RSC), the attached amendment request letter was submitted by Satya Bose, Program Director & RSO, on June 23, 2022, via email to the USNRC Branch Chief. This letter was copied to me on that email as well, including the hospital CEO. I am aware of this RSC recommendations and approving this request to add Dr. Roger C. Lin, MD as an authorized user per RSC recommendations.

Moving forward, I am delegating Dr. Bose authorizing him to submit any amendments requests to USNRC regarding our clinical license #08-03075-08 as appropriate per RSC recommendations.

Thank you.

Dr. Anthony K. Wutoh
Provost and Chief Academic Officer
