RE: Authorized User Amendment

Dear Ms. Joseph:

Enclosed please find the letter to the NRC for the removal and addition of authorized users to your NRC license. Dr. El-Sabbagh will be added at a later date as an amendment has been sent to the NRC adding him to another Ascension license. The following steps need to be taken for completion.

1. Review carefully and be sure all information is correct. Retype or copy cover letter onto your facility letterhead.
2. Have executive management (VP or higher) sign the letter to the NRC.
3. Make a copy of the letter to the NRC. This will go to the NRC. **Keep the original and file in the blue, MPC, license binder, under the "License Correspondence" tab in the nuclear medicine department.**
4. Mail the signed copy to the following address: **Federal Express or U.P.S. is advised.**
