### DELEGATION OF AUTHORITY

It is my pleasure to appoint you as the Radiation Safety Officer of the University of Puerto Rico, Medical Sciences Campus. You are responsible for ensuring the safe use of radioactive material and managing the Radiation Protection Program together with the Radiation Safety Committee (RSC). Your duties include: identifying radiation protection problems, initiating, recommending, or providing corrective actions, verifying implementation of corrective actions, stopping unsafe activities, and ensuring compliance with regulations.

You are hereby delegated the authority necessary to meet those responsibilities, including prohibiting the use of byproduct material by employees who do not meet the necessary requirements and shutting down operations, when justified, to maintain radiation safety. You are required to notify management if the staff does not cooperate or does not address radiation safety issues. The disciplinary authority shall reside within the Chancellor of the UPR, Medical Sciences Campus. In addition, you are free to raise issues with the U.S. Nuclear Regulatory Commission (NRC) at any time.

You will have the resources and sufficient commitment from the management to fulfill the duties and responsibilities specified in 10 CFR35.24 to ensure that radioactive materials are used in a safe manner.
