CONDITIONS

10. Licensed material shall be used or stored at the licensee's facilities located at: U.S. Public Health Service, CDC, NIOSH, Morgantown Facility, 1095 Willowdale Road, Morgantown, West Virginia, 26508
11. The Radiation Safety Officer (RSO) for this license is Lieutenant Commander (LDCR) George R. Sims.
12. Licensed material shall be used by, or under the supervision of, Stacey E. Anderson, Ph.D., and George R. Sims, M.S.
13. The licensee shall not use licensed material in field applications where activity is released except as provided otherwise by specific condition of this license.
14. Experimental animals, or the products from experimental animals, that have been administered licensed material shall not be used for human or animal consumption.
15. The licensee shall not use the licensed material in or on humans.
16. The licensee is authorized to hold radioactive material with a physical half-life of less than or equal to 120 days for decay-in-storage before disposal in ordinary trash provided:
 - A. Before disposal as ordinary trash, the waste shall be surveyed at the container surface with the appropriate survey instrument set on its most sensitive scale and with no interposed shielding to determine that its radioactivity cannot be distinguished from background. All radiation labels shall be removed or obliterated, except for radiation labels on materials that are within containers and that will be managed as biomedical waste after they have been released from the licensee.
