---

Good evening Mr. Davis,

This email formally acknowledges receipt of correspondence from the KCMO Public Works Department dated November 10, 2022 in response to the U.S. Nuclear Regulatory Commission's (NRC's) letter dated August 30, 2022, transmitting a Notice of Violation. In this letter, you described the corrective actions that you have taken since the on-site inspection to restore compliance with NRC requirements and to address the potential for recurrence of similar issues.

The NRC has reviewed your corrective actions, which appear to be adequate, and has no further questions at this time. The effectiveness of these corrective actions will be examined during a future inspection.

In accordance with the NRC's "Rules of Practice" in Title 10 of the *Code of Federal Regulations* Section 2.390, of a copy of this correspondence will be available electronically for public inspection in the NRC's Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC's website at <http://www.nrc.gov/reading-rm/adams.html>.

Please feel free to contact me if you have any questions. Thank you!
