Date: Wednesday, December 14, 2022 9:27:15 AM

Good morning Robin,

Our apologies, the first document dated 4/11/2019 was submitted in error and should not be included as part of the license renewal. It represented a potential plan for bringing PET capabilities to the facility, but the trailer option was ultimately decided as the best fit. There are no plans at the moment to change the current PET trailer setup. Hope this helps.

Thank you,
Dan

Good morning Dan,

Thank you very much for the response to our request for information. I am still unclear about the first question. You have indicated that you don't plan to move the PET operations indoors so I am unclear as to why the proposed imaging suite document dated 4/11/2019, was submitted with the application. Please respond to this email letting us know if this document represents a current location of use and whether it should be included as part of your license.

Thank you,
Robin

Hello Ms. Elliott,

Attached to this email is our response to your December 6th request for additional information. Please let us know if anything else is required.

Thank you,
Dan Chiappetta

Hello Dr. Prete,

After reviewing your last submission, we have additional questions that require a response before we can issue the renewed license. Please review the attached letter and contact us if you have any questions. We are asking that you provide your response in one week, by December 13, 2022, so that we can issue your renewal in a timely manner. Please contact us to confirm receipt of this email and with any questions or concerns.

Regards,

Robin L. Elliott
