On December 14, 2022, the Commission was briefed by the NRC staff on the agency's equal employment opportunity (EEO), affirmative employment, and small business programs. Topics included an overview on EEO, equal opportunity (EO), and diversity, equity, inclusion, and accessibility (DEIA); an overview of the NRC small business program; an update on initiatives related to EEO, EO, and DEIA in the Office of Nuclear Reactor Regulation and Region III; activities of the NRC's special emphasis groups; and an update on the NRC's human capital efforts. The Commission was also addressed by the President of National Treasury Employees Union Chapter 208.

At the next biannual EEO briefing of the Commission, the staff should provide updates on efforts 1) to improve applicant data quality, including data related to internal promotions, and 2) to develop data collection options that allow employees to self-identify as non-binary.
