Subject: Transfer of Control License Number 35-23193-03

Dear Sir or Madam,

It was announced recently that Shawcor Ltd., the parent corporation of Shaw Pipeline Services Inc., would be selling the Integrity Management portion of the company to include Shaw Pipeline Services. This letter is to request written authorization from the NRC for Transfer of Control as per NUREG 1556 part 9.1. This sale is a stock sale not an asset sale. Shaw Pipeline Services will remain our company's name and all our personnel will remain with the company. All bullet points from Appendix E of NUREG 1556, Volume 15, revision 1 can be found below.

1. **This sale is a stock sale. Shaw Pipeline Services will remain the name on our license due to the change only happening in our holding company. There will be a change in the board of directors. The members of the board will be Tom Richey, Eric Clower and Chris Havern.**
2. **No changes in personnel or duties that relate to the licensed program are expected with this transaction.**
3. **All current locations, facilities, equipment, radiation safety program, use, possession, waste management, or other procedures that relate to the licensed program are anticipated to remain unchanged with this sale.**
4. **All calibrations, leak tests, area surveys, wipe tests, training, quality control, and related records are compliant and will remain so. Should Shaw Pipeline Services need to decommission any of our current facilities, all will be tested for contamination and, if applicable, decontamination will occur prior to the decommissioning.**
5. **There will be no changes to the decommissioning funding plan.**
6. **Should there be any decommissioning of facilities, all records relevant to that decommissioning will be transferred to the transferee or to NRC as appropriate.**
7. **Should there be any open inspection items at the time of sale, Shaw Pipeline Services will make Achieve Capital aware of the responsibility for possible resulting enforcement actions.**
8. **Achieve Capital will abide by all constraints, conditions, requirements, representations, and commitments of Shaw Pipeline Services. Due to the licensed program remaining unchanged Achieve Capital will not be submitting a new proposed licensed program.**
9. **N/A.**

Sincerely,

Charlie Pattillo
Vice President/General Manager
