**Subject:** [External\_Sender] Hearing for Nuclear Fuels Service application  
**Date:** Thursday, January 19, 2023 4:59:13 PM

---

Please approve and facilitate a public hearing for NFS's application to make fuel for nuclear weapons. Uranium enriched at this level calls for rigorous investigation of the environmental consequences and a strict quality assurance program. The risks to the citizens of Erwin and surrounding area make a public hearing imperative. Thank you for your consideration.
