

Prioritization and Focus of Risk Initiatives

1. Risk informed LAR initiatives
 - a. Ongoing risk-informed LAR reviews
 - b. TSTF-596
 - c. 50.69 passive categorization
 - d. 50.69 defense in depth
2. Continued integration of Be riskSMART philosophy into all aspects of regulatory decision making
 - a. Roll out of PRA configuration control inspections
 - b. RIPE/RAPTR/VLSSIR
 - c. Common understanding of suitable defense in depth and safety margins (e.g. digital I&C)
3. Risk Insights for Aging Management
4. Technical developments (e.g., HRA, FLEX data)
5. Future risk-informed application – conceptual work (e.g., ultimate heat sink, risk-informed large break LOCA)
