Title: Fuel Facilities Construction Inspection Program

Date(s) and Time(s): April 09, 2024, 01:00 PM to 03:00 PM ET

Location: Webinar

Category: This is an Observation Meeting. This is a meeting in which attendees will have an opportunity to observe the NRC performing its regulatory function or discussing regulatory issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed following the business portion of the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this meeting.

Purpose: The purpose of this meeting is for the NRC staff to meet with Nuclear Energy Institute, the nuclear fuel facility industry, and stakeholders, via a virtual public meeting, to discuss feedback received during the January 11, 2024, public meeting and how it is considered for proposed revisions of inspection guidance, and tabletop examples of potential inspection activities/attributes for management measures during construction and operational readiness reviews (ORR).

The NRC provides reasonable accommodations to individuals with disabilities where appropriate. If you need a reasonable accommodation due to a disability to participate in a meeting or need a meeting notice or the transcript or other information from a meeting in another format (e.g. braille, large print), please email Reasonable_Accommodations.Resource@nrc.gov. Determinations on requests for reasonable accommodation will be made on a case-by-case basis and the agency may choose between effective accommodations to provide. At least ten (10) days advance notice is recommended in order for a request for accommodation to be processed and implemented if approved. However, every effort will be made to address any reasonable accommodations requests received with less notice.
