Title: Presentation to the City Council of Richland, Washington of the Nuclear Regulatory Commission's 2023 Annual Assessment of Safety Performance at the Columbia Generating Station

Date(s) and Time(s): June 18, 2024, 06:00 PM to 08:00 PM PT

Location: Richland City Hall
625 Swift Boulevard
Richland, WA

Category: This is an Information Meeting with a Question and Answer Session. The purpose of this meeting is for the NRC staff to meet directly with individuals to discuss regulatory and technical issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed throughout the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this meeting.

Purpose: Members of the NRC staff will present the NRC's assessment of safety performance at Columbia Generating Station for 2023, as described in the 2023 annual assessment letter. The staff will make this presentation at a meeting of the City Council of Richland, Washington. The staff will be available to respond to questions from the public outside of the City Council meeting about the safety performance of the station and the role of the NRC and the resident inspectors in ensuring safe plant operations.

The NRC provides reasonable accommodations to individuals with disabilities where appropriate. If you need a reasonable accommodation due to a disability to participate in a meeting or need a meeting notice or the transcript or other information from a meeting in another format (e.g. braille, large print), please email Reasonable_Accommodations.Resource@nrc.gov. Determinations on requests for reasonable accommodation will be made on a case-by-case basis and the agency may choose between effective accommodations to provide. At least ten (10) days advance notice is recommended in order for a request for accommodation to be processed and implemented if approved. However, every effort will be made to address any reasonable accommodations requests received with less notice.
