

## PUBLIC MEETING ANNOUNCEMENT

**Title:** Industry Briefing on the TIMaSC (Technology Inclusive Management of Safety Case) White Paper's Technical Content

**Date(s) and Time(s):** June 18, 2024, 01:00 PM to 03:00 PM ET

**Location:** Webinar

**Category:** This is an Observation Meeting. This is a meeting in which attendees will have an opportunity to observe the NRC performing its regulatory function or discussing regulatory issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed following the business portion of the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this meeting.

**Purpose:** For industry to brief the NRC staff on the technical contents of the first TIMaSC white paper. The purpose of TIMaSC would be to develop an endorsable guidance document for the management of a licensing modernization project (LMP) based safety case. Industry envisions TIMaSC would be used by licensees that follow the guidance in NEI 18-04, NEI 21-07, and NEI 22-05.

The NRC provides reasonable accommodations to individuals with disabilities where appropriate. If you need a reasonable accommodation due to a disability to participate in a meeting or need a meeting notice or the transcript or other information from a meeting in another format (e.g. braille, large print), please email [Reasonable\\_Accommodations.Resource@nrc.gov](mailto:Reasonable_Accommodations.Resource@nrc.gov). Determinations on requests for reasonable accommodation will be made on a case-by-case basis and the agency may choose between effective accommodations to provide. At least ten (10) days advance notice is recommended in order for a request for accommodation to be processed and implemented if approved. However, every effort will be made to address any reasonable accommodations requests received with less notice.
