NEI Request for NRC Review and Approval

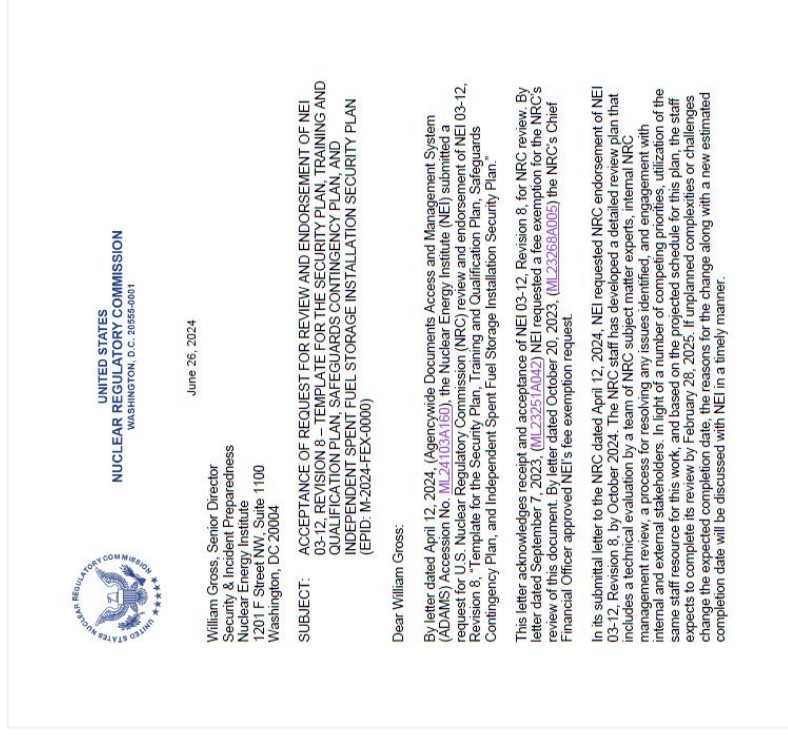

- On April 3, 2024, the NRC held a pre-submittal public meeting with NEI to discuss updates to NEI 03-12 in Revision 8. A summary of that public meeting can be found in the NRC's Agencywide Documents Access and Management System (ADAMS) (Accession No ML24099A154).
- On April 12, 2024, NEI submitted its request for NRC review and endorsement of NEI 03-12, Revision 8 (ADAMS Accession No. ML24103A160)

Initiation of NRC Staff Review

- By letter dated June 26, 2024 (ADAMS Accession No. ML24155A155), the NRC staff accepted NEI 03-12, Revision 8 for review, and informed NEI of its plan to complete the review by February 25, 2025
- The NRC assembled a team of subject matter experts from NRC headquarters and regional offices to review the updates. The team developed a review plan with key milestones and opportunities for stakeholder engagement.

Current Status of NRC Staff Review

- The NRC team has completed its initial review and has developed a list of comments for NEI consideration.
 - The list contains security-related information withheld from public disclosure.
 - The list has already been shared with NEI to maximize the efficiency and productivity of this meeting.
- The NRC staff's comments generally consist of identifying portions of the template that could be improved or changes that may not be consistent with NRC requirements.

Next Steps

- Once NRC staff have provided their final comments to NEI for consideration, NEI will have the opportunity to address the comments, and resubmit the template for NRC approval.
- NRC staff will review any changes and determine whether NEI 03-12, Revision 8, should be approved for use. If approved for use, the NRC staff will inform NEI of the approval by letter and will document the approval in NRC regulatory guidance.
