SUBJECT: Request for Termination of Materials License No. SNM-2512 for the Idaho Spent Fuel Facility, Docket 72-25 (CLN250091)

Dear Sir or Madam:

In accordance with Title 10 of the Code of Federal Regulations (10 CFR) section 72.54(d)(2), the Department of Energy Idaho Cleanup Project (DOE ICP) requests termination of its Special Nuclear Materials License No. SNM-2512 for the Idaho Spent Fuel (ISF) Facility Independent Spent Fuel Storage Installation (ISFSI).

The facility as described in the licensing document License Condition 10 has not been constructed; therefore, no physical or principal activities authorized by the License have been conducted at the facility site located in Butte County, Idaho. The decision has been made that the facility will not be constructed and therefore the License should be terminated.

I declare under penalty of perjury that the forgoing is true and correct. Should you have questions or require additional information, please contact me at (208) 643-1315.

Sincerely,
