Category: This is an Observation Meeting. This is a meeting in which attendees will have an opportunity to observe the NRC performing its regulatory function or discussing regulatory issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed following the business portion of the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this meeting.

Purpose: The purpose of this public meeting is to discuss and provide feedback on NEI White Paper that outlines a methodology for evaluating the alignment of IAEA SSR-2/1 (Rev. 1) safety requirements with NRC regulatory requirements under 10 CFR Part 50 and Part 52.
