Category: This is an Observation Meeting. This is a meeting in which attendees will have an opportunity to observe the NRC performing its regulatory function or discussing regulatory issues. Attendees will have an opportunity to ask questions of the NRC staff or make comments about the issues discussed following the business portion of the meeting; however, the NRC is not actively soliciting comments towards regulatory decisions at this meeting.

Purpose: The purpose of this workshop is for the U.S. Nuclear Regulatory Commission (NRC) staff and interested stakeholders to discuss the Nuclear Energy Institute's (NEI's) white papers on materials, inspections, and other topics related to fuel fragmentation, relocation, and dispersal. The workshop will be conducted in a hybrid format (i.e., in-person, online, and teleconference).

Interested members of the public can participate via the Microsoft Teams Link or by the teleconference number provided in this meeting notice. Stakeholders who wish to attend in-person should register via the Webinar link and provide the requested information or email James Delosreyes at james.delosreyes@nrc.gov before September 12, 2025.
