SUBJECT: REQUEST FOR FORMAL SECTION 7 CONSULTATION UNDER THE
ENDANGERED SPECIES ACT REGARDING SEA TURTLES AT THE
ST. LUCIE NUCLEAR PLANT (TAC NOS. MA6374 AND MA6375)

Dear Mr. Hoffman:

As discussed in the meeting held on November 10, 1999, between the National Marine Fisheries Service (NMFS), Florida Power and Light Company, the Florida Fish and Wildlife Conservation Commission, and the U.S. Nuclear Regulatory Commission (NRC), the NRC is requesting an increase in the 1999 incidental take limits for sea turtles at the St. Lucie Nuclear Plant. The NRC would also like to formally request the re-initiation of Section 7 consultation on sea turtles at St. Lucie based on the information being collected in a study scheduled for completion in March 2000. The study is required by Condition No. 7 of the Incidental Take Statement found in the February 7, 1997, Biological Opinion for St. Lucie. Upon completion of the study, NRC will forward the information gathered by the study to support this consultation.

Additionally, a letter noting the approval of the above study by NMFS is Enclosed. Please contact Ms. Kimberly D. Leigh at 301-415-2678 with any questions or comments.

Sincerely,

Original signed by:
William C. Gleaves, Project Manager, Section 2
