**Subject:** Request for Additional Information - Palisades - LAR - Cyber Security Plan Implementation Schedule - MF3303

In a license amendment request (LAR) for Palisades Nuclear Plant (PNP), dated December 30, 2013( ADAMS Accession No. ML13364A328), Entergy Nuclear Operations, Inc. proposed a change to the PNP Cyber Security Plan Milestone 8 implementation date. In order to complete the review, the NRC staff has requested additional information as listed below. Please provide the following additional information within 30 days of the receipt of this email. In case of any further clarification, please arrange a teleconference to discuss the subject request.

### **RAI 1**

The LAR provides details about the impact of the additional time requested on the effectiveness of the overall cyber security program in the context of milestones already completed. However, the information provided does not include information about Milestone 5) Implement observation and identification of obvious cyber related tampering to existing insider mitigation rounds by incorporating the appropriate elements. Milestone 5) was scheduled for completion no later than December 31, 2012. Provide details about the impact of the additional time requested on the effectiveness of the overall cyber security program in the context of Milestone 5.
