If joining the meeting using Skype, please mute the computer and dial into the bridgeline number above for audio.

Purpose: To discuss NEI's November 8, 2019, letter and white paper on Spent Fuel Performance Margins (Agencywide Documents Access and Management System (ADAMS) Accession Nos. ML19318D970 and ML19318D971). The goal of the meeting is to reach a common understanding of the cost-benefit associated with each recommendation along with the proposed regulatory product or outcome and to establish a prioritization and path forward for future interactions associated with each of the recommendations identified in the white paper under Category 1, "Actions that industry can take within the confines of existing regulations and guidance" or Category 2, "Actions that NRC can take by tailoring their regulatory guidance as well as their review and inspection practices to recognize the existence of performance margin." This meeting is referenced in an NRC letter dated December 20, 2019 (ADAMS Accession No. ML19350A033).
